

In addition to visiting the many farms of Haverhill, we invite you to shop at the Haverhill Farmers Market. We feature farm-fresh fruit and vegetables, delicious baked goods, meats, wines, and much more.

Our mission is to provide a venue where local farmers, food producers, and artisans can meet to sell directly to the community. We provide access to farm-fresh products and promote local agriculture as well as serve as a social gathering place to encourage a vibrant and connected community.

## Five good reasons for buying local food

1. **Locally grown food tastes and looks better.** The crops are picked at their peak.
2. **Local food is better for you.** The short time between the farm and your table preserves vital nutrients.
3. **Local food builds community.** When you buy from a farmer, you engage in a time-honored connection between eater and grower.
4. **Local food preserves open space.** Food grown locally preserves our working landscape and protects a healthy ecosystem.
5. **Local food is an investment in the future.** Buying local today strengthens the farms of tomorrow, farms that are critical for food security.
